

# DISCOVERY GREEN®

What will you discover?

## IMPACT REPORT FOR FY 2023

# YEAR IN REVIEW

This last fiscal year provided Discovery Green's board, staff and visitors a special opportunity to look back while moving forward.

To begin, we celebrated Discovery Green's 15th anniversary with a programming series, sponsored by The Brown Foundation, that highlighted the culture and traditions that make Houston awe-inspiring. Special events included concerts highlighting Houston's soul and jazz music communities and large-scale art installations.

It was a year to celebrate how transformational the opening of Discovery Green's 12-acres of green space was for Houston in 2008. In the last 15 years, more than \$1.8 billion in new development has sprung up around the park and the city's grown as a destination for conventions, tourism and more.

For example, NCAA Final Four March Madness Music Festival returned to Discovery Green. Over 43,000 fans enjoyed free concerts featuring Houston artist Megan Thee Stallion, Lil Nas X, Keith Urban and Tim McGraw among others. Amenities such as Discovery Green are vital to attract events like the NCAA Final Four which generated \$270 million in direct economic impact for Houston.

New leadership provides the perfect time to plan big, exciting new projects for the future. Discovery Green's legacy is only just beginning.

In the country's most diverse city, Discovery Green is where people gather to explore cultural traditions and share in moments of magic and joy. This year Discovery Green heard from hundreds of visitors who responded to surveys, or who shared their Discovery Green story, about how the park has impacted their life. One woman told us that after losing her son, she brings her granddaughter to Discovery Green to keep his memory alive. They enjoy remembering all the happy moments together they experienced at the park.

Discovery Green exists to bring people together. In fiscal year 2023, Discovery Green hosted more than 2 million visitors who skated, picnicked, played and enjoyed six temporary art installations, or one of the 514 free events The Conservancy produced. According to the most recent survey, 75 percent, of the more than 600 respondents, reported conversing with strangers while at Discovery Green. The park's role in improving civic participation and community cohesion in Houston cannot be understated.

This year has also been about planning for the future. In February, a \$2 million dollar grant from the Kinder Foundation initiated an endowment fund for the Conservancy. This is an important first step toward insuring the park's long-term viability. In addition, the Kinder Foundation issued a matching grant challenge. For every dollar donated to the endowment between now and Dec. 31, 2023, the Kinder Foundation will give an additional \$.50 up to \$2 million. Thanks to individual and foundation gifts, the endowment is now over \$4.3 million.

This endowment will allow Discovery Green's uncommonly beautiful, urban green space to continue serving as a village green for the city, a source of health and happiness for its citizens, and a window into the incredible diversity of arts and traditions that enrich life in Houston.

Also, big news for the future: Discovery Green Conservancy hired Kathryn Lott as the new President and Park Director. Lott brings to her role as Discovery Green Conservancy President two decades of experience in nonprofit administration and event production. Her experience makes her uniquely qualified to connect, nurture and cultivate communities through the arts, wellness, and urban green space.

New leadership provides the perfect time to plan big, exciting new projects for the future. Discovery Green's legacy is only just beginning.

We thank you for your past support and urge you to further your impact by renewing your donations at [discoverygreen.com/donate](https://discoverygreen.com/donate).

## WHEELER AVENUE BAPTIST CHURCH PICNIC

Words cannot express our sincere gratitude and deep appreciation for your level of professionalism and expertise, during the planning of our Wheeler Avenue Baptist Church "Blessings On Blessings" Church Picnic.

Considering this was the first time we've ever coordinated an event with Discovery Green, you made the process seamless, and as worry and stress-free as possible.

Hugh and Karen V. Tillman  
Chairs, Wheeler Avenue Baptist Church Picnic

### **BUSINESS OWNERS SAY:**

Discovery Green has been a beacon of light and many chefs, entrepreneurs and creatives have been attracted to the revitalization of downtown Houston because of Discovery Green's positive presence. The Park is a hub and hearth for Downtown Houston, Houstonians and visitors alike. There would definitely never have been a Phoenicia Foods Downtown, if it wasn't for Discovery Green being such a beautiful force.

--AnnMarie Tcholakian

# NCAA MEN'S FINAL FOUR MARCH MADNESS MUSIC FESTIVAL

---

For the fourth time the NCAA Final Four chose Houston as host city for Men's Final Four® in partnership with the Houston Local Organizing Committee, Discovery Green was chosen as the venue for the March Madness Music Festival. Visitors and fans were treated to three days of free concerts inside the park including performances by Houstonian Megan Thee Stallion, Lil Nas X, Keith Urban and Tim McGraw.

Discovery Green's beautiful downtown location and experience with events of this size made for a fantastic opportunity to show off Houston to visitors from all 50 states and 16 countries.
